

# Sports, anytime, anywhere

**PRODUCT INFO**  
**DESSO MOBILE**

## Desso Mobile: a mobile sports pitch for outdoor and indoor use

A temporary indoor hockey event, a football skills demonstration in the town square, an extra sports pitch during a school sports week? It is all possible thanks to the new Desso Mobile system.

In no time, a soccer pitch, a hockey field or a multifunctional sports ground can be installed on any level surface.

This way, any local authority or promoter can organise a sports or recreational event at a commercially interesting location which previously could not be used for sport.

The patented installation system, based on the pieces of a jigsaw puzzle, makes Desso Mobile very transportable: it can be quickly and easily (dis-) assembled and moved to a new location.

### The Desso Mobile system

- durable quality Desso artificial grass
- wide variety of sports applications (soccer, hockey, multifunctional...)
- jigsaw connection system
- easy installation
- can be used on any level, stable surface
- reliable, safe system

### Main benefits

- sport at locations where it was not possible before
- both recreational and competitive use
- suitable for commercially interesting trend sports
- maximum flexibility for the organiser
- viable as a rental solution for events
- combination with Scan-ICE skating rink possible
